**Subject:** Automatica 16-0277: Thank you for reviewing this submission

Message from The Automatica Submission and Review Management System

Dear Dr. Vladimir Stojanovic,

Please accept my thanks for your recent assistance in evaluating the paper detailed below that has been submitted for possible publication in Automatica.

Your review was very helpful in making a publication decision about this paper and, thereby, maintaining the highest standards for the journal.

We are indebted to you for your cooperation.

Kind regards,

Wei Xing Zheng

Associate Editor, Automatica

Professor, Western Sydney University, Australia

In your reviewer workspace you may view and manage all the reviews you have been invited to prepare. Access your reviewer workspace by logging in at <https://ifac.papercept.net/journals/automatica/> or through the portal site <http://ifac.papercept.net>

Log in with your PIN 83329 and password

If you do not have your password then you may request the system to send it to you by e-mail.
