#### Saveti vezani za konkurisanje

##### Saveti vezani za konkurisanje za studijske stipendije:

###### Procedura:

Ukoliko želite da konkurišete za neku DAAD stipendiju kao student, trebalo bi da vodite računa o pravilnom redosledu svakog preuzetog koraka:

- 1) Prvo razmislite koji bi kurs za Vas bio interesantan. Univerzitetski vodič (university guide) na DAAD internet stranici Vam može pomoći. Mnogi se oslanjaju na rangiranje, kao što je na primer poznati [CHE-Ranking](#).
- 2) Zatim stupite u kontakt sa nekom nemačkom visokoškolskom ustanovom ili nekom stručnom katedrom koja Vam nudi interesantan kurs, odn. sa onom ustanovom sa kojom želite da ostvarite saradnju i ukviru toga dobijete istraživački projekat ili sticanje doktorske titule. Zatim se tamo raspitajte da li ispunjavate uslove (sa dosadašnjim studijama) da prijavite za dotični kurs. Pošaljite i svoj CV. Konkurisanje za stipendije nije moguće ukoliko nemate realne izgleda za studijskim mestom ili pismenom saglasnošću o podršci za sticanje doktorske diplome i istraživačkih projekata. Molimo Vas da priložite Vašu prepisku (npr. e-mail) prilikom prijavljivanja, kao i stranicu sajta na kome je opisan program.
- 3) Za konkurisanje Vam je potreban formular koga možete da dobijete kod DAAD-lektora ili ga možete preuzeti sa interneta (formulari). Na formularima se nalazi i napomena o tome koja dokumenta morate da priložite. Molimo Vas da se pravovremeno prijavite za eventualne jezičke ispite (nemački, eventualno engleski).
- 4) Vaše prijave treba da pošaljete pre isteka roka za prijavu u tri., odnosno u četiri kopije (za prijave iz oblasti medicine). Molimo Vas da vodite računa o redosledu prijavnih dokumenata. Uzimaće se u razmatranje samo formalno korektna prijave, odn. potpuno popunjene prijave. Za većinu stipendijskih programa možete prijavnu dokumentaciju da pošaljete Ambasadi SR Nemačke, dok se dokumentacija za samo nekoliko specijalnih programa šalje direktno u DAAD. DAAD-lektori Vam stoje na raspolaganju u vezi sa savetovanjem. Sigurno se slažete sa tim da trajanje savetovanja nije neograničeno, pošto su konsultacije većinom dobro posećene, a i ima drugih zainteresovanih. Zbog toga Vas molimo, da pre razgovora razmislite o odgovorima koje želite da dobijete na Vaša precizna pitanja.

##### Redosled prijavne dokumentacije:

Za magistarske-/masterstudije, sticanje doktorske titule, istraživačke stipendije (duge i kratke), kao i semestralne stipendije

Vodite računa da se pri prijavljivanju za gore pomenute studijske programe, Vaša dokumentacija složi po sledećem redosledu:
